

MOVING DAY CHECKLIST

AMY LAVINE
A REFRESHING PERSPECTIVE. A UNIQUE APPROACH.

- Be completely packed - Boxes should be filled, sealed, and labeled
- Unplug all appliances & electronics that are moving. Have water lines disconnected by a professional
- Consider moving plants separately
- Pack personal valuables like jewelry, watches, cash & check books, transporting in your vehicle
- Change your address with USPS and update accounts
- Get medical, vet, and school records in order
- Forward subscriptions to magazines & newspapers
- Order new utilities and disconnect current ones
- Figure out meals for day of & days surrounding moving
- Make arrangements for pets & children on moving day
- Hold a "do not move" box which includes necessities for the new home - toilet paper, prescriptions, a few outfits, & even pet food
- Use up as much of your refrigerated foods prior to moving day, securing coolers for the rest of the refrigerated items not used up

We all know moving can be stressful, but keep thinking of the end goal - your new home!
